

# Suella Fernandes MP

MP for Fareham, Locks Heath, Park Gate, Portchester, Sarisbury, Titchfield, Whiteley and Warsash

## Welcome

### Fareham Community Hospital Taskforce leads Health Summit and GP Same Day Access Scheme

I set up Fareham Community Hospital Taskforce in 2016 and our Health Summit in July was a huge success. Residents raised concerns, such as access to local GP services, health care in Welborne and the future of Fareham Community Hospital. It was a useful discussion between health professionals and members of our community. Thank you to the Friends of Fareham Community Hospital for their help in holding the Health Summit.

I am pleased that local GPs, supported by the Fareham and Gosport Clinical Commissioning Group, will now be offering a Same Day Access Service at FCH. This will make it easier for people to receive same-day consultations with a GP or nurse.

## In Parliament

### School Funding

The Government is investing an additional £1.3 billion over the next two years in our schools meaning school funding will be £2.6 billion higher. The additional investment will allow for an increase in the basic amount of funding for all schools and will help reform the funding system which has for decades been unfair for schools in Hampshire as a whole and also in Fareham. This funding boost has been found from within the Department for Education's budget rather than through

increased taxes and more debt reflecting our belief that funding is most valuable in the hands of head teachers.

### NHS Ranked Top in the Developed World

I am pleased that our National Health Service has been ranked the best healthcare system out of 11 wealthy countries. The NHS has been praised for the safety of its care, the systems in place to prevent ill-health and the speed at which people get help.

### Warsash Fishermen to benefit from more control over Fisheries Policy

The Government has announced it will begin withdrawal from the London Fisheries Convention. This historic step will deliver a fairer deal for local fisherman based in Warsash, whose livelihoods have been damaged by the European Union Fishing Policy. I am delighted that, as we leave the EU, we will become fully responsible for the management of fisheries so we can ensure a fair, sustainable and profitable industry for all our fishermen.

Sacred Heart visit Parliament

## Sacred Heart Church visit Parliament

I was delighted to welcome Father Smith, Deacon Langford Vincent and members of the congregation from Sacred Heart Church to Parliament.

## Sea Sunday

It was a pleasure to attend the Sea Sunday Service on the banks of Southampton Water in Warsash. There was a magnificent display from the Warsash Sea Cadets and local voluntary groups.

Sea Sunday at the D-Day Memorial

## ONS Visit

I met with the Director of Census, Ian Cope, and the team at the Office for National Statistics to discuss current preparations for the 2021 Census. ONS collects and provides the authoritative data relating to so many matters like health, jobs and home ownership. This really highlights the brilliant expertise and brains in the heart of Fareham, serving our country.

## Moving On Project

I visited the X-perience Centre on Trinity Street where David Pointon, Chair of the Trustees of the Moving on Project, explained some of the mental health related issues facing the young people of Fareham. The Moving on Project is invaluable, offering confidential support and counselling to young people locally.

## Re-opening of Westbury Manor Museum

I enjoyed a tour of the refurbished Westbury Manor Museum in Fareham. It was a delight to meet the staff and see the new look museum which features a variety of exhibits on local history.

ONS Visit

## Contaminated Blood Inquiry

The Government has announced that an inquiry will be held into the Contaminated Blood scandal. I spoke in the debate on behalf of a Portchester resident affected by this.

You can read the full debate here;
